Hi Donna,

Thought I'd check in with you to see if you were able to follow-up on Mrs. Kohler's concerns regarding the asphalt in her driveway and other locations where the asphalt was used. If you recall her inquiry wasn't totally clear to me as to what the issue was but she did mention something about the thickness not being what was agreed to. Were you able to follow-up with EPI to better understand what was done with the asphalt?

Also, have we heard back from Chuck Hansberry on just how much gasoline was recovered which was another question Mrs. Kohler had.

Thanks, Libby
